## **Daphne Sheldrick Elephant Orphanage**

Daphne Sheldrick (As part of the David Sheldrick Conservation Foundation) rehabilitates orphaned baby elephants and other wildlife here at her home just outside of Nairobi National Park. These babies have lost their mothers to poaching, death, injuries, on getting lost in the wild or other tragedies. Daphne and her dedicated staff raise them to be released back into the wild when they are ready.

## **Karen Blixen Museum**

This museum was originally the home of Karen Blixen, who came to Kenya from Denmark in the early part of the 20<sup>th</sup> Century; the present museum site is at the heart of the larger coffee plantation run by Blixen between 1914 and 1931. The house and surrounding land was donated by the Danish government to Kenya at independence; the house was restored by the Danish government and was used during the filming of Out of Africa, which immortalized Karen Blixen's book by the same name. The Museum was opened to the public in 1986. Much of the original furniture is on display in the house.

## **Giraffe Centre**

The Giraffe Centre is the creation of a Kenyan Conservation Organisation, the African Fund for Endangered Wildlife (Kenya) Ltd. (A.F.E.W. Kenya). The purpose of the Centre is to create awareness and provide free environmental education aimed at sensitising Kenyan youth and the general population on the need to appreciate and conserve Kenya's biodiversity. The centre gives local and international visitors an opportunity to come into close contact with, and feed the world's tallest animal, the Giraffe.

### Lake Manyara Serena Safari Lodge

Lake Manyara National Park

Mto wa Mbu Escarpment

Tanzania

In: Saturday 09-Sep-23

Out: Sunday 10-Sep-23

**Status:** Provisionally Booked

**Inclusions:** Full Board (Breakfast, Lunch & Dinner)

Lake Manyara Serena Safari Lodge --an authentic African-styled safari lodge-- is situated on the edge of the Mto Wa Mbu escarpment and offers panoramic views of Lake Manyara. The Lodge has 67 rooms which are housed in circular, double-storey, white-washed 'rondavels' (traditional circular buildings with conical thatched roofs), which are strung out along the edge of the cliff so as to allow for maximum views. Each spacious circular room has its own small veranda while the interior decor reflects the blue of the lake and the pink of its flamingos. Behind each bed hangs a spectacular hand-woven rug, while the furnishings and fittings reflect traditional Maasai beadwork. All rooms have telephones, Wi-Fi, comfortable en-suite bathrooms with separate showers, hairdryers, safes

(available from reception), room service & babysitting. The rim-flow swimming pool offers an incredible spot to view the lake and there is also a lounge to watch the cultural dance and music show which is held at the lodge each night. The restaurant has a bar and outside terrace that overlooks the pool.

## Sunday 10 September 2023

The lodge offers 50 suites, each tastefully decorated and well-equipped with en-suite bathrooms. The on-site restaurant serves traditional and international cuisine prepared by local chefs. The main house offers a rim-flow pool, an outside fire pit, a formal lounge, a cigar bar, an entertainment room with TV, a full-size snooker table and games, a gym and a spa.

## **Monday 11 September 2023**

### **Ngorongoro Crater Game Viewing & Masai Village Visit**

This morning you will descend into the crater for a full day game drive with a picnic lunch followed by an afternoon visit to a Masai Village, returning to your lodge in the afternoon.

The Ngorongoro Conservation Area covers 2286 sq. km and encompasses the volcanic area around the Ngorongoro Crater - including the still active volcano of Oldonyo Lengai and the famous Olduvai Gorge. Its centerpiece, the Ngorongoro Crater, is the largest unbroken caldera in the world and the first sight of it is breathtaking. The floor of the crater is only 100 sq. miles but is home to around 30,000 animals with a high concentration of predators. The crater supports up to 25,000 large mammals. Grazers dominate zebra, wildebeest - accounting for almost half the animals - gazelle, buffalo, eland, hartebeest and wart hog. Giraffe, for example, stay away because there is insufficient food at tree level. Ngorongoro has carnivores in quantity, drawn by the large herds of prey animals. It has the densest population of large predators, mainly lion - about 100 - and more than 400 spotted hyenas, living in eight clans of up to eighty individuals. Most of the bird wildlife in Ngorongoro is seasonal. Also influencing the variety of bird species on display is the the largest expanse of water on the crater floor, Lake Magadi. The lake is alkaline due to deposits of volcanic ash thrown out by surrounding volcanoes.

### Serengeti Serena Safari Lodge

Serengeti National Park  
Tanzania

In: Tuesday 12-Sep-23

Out: Thursday 14-Sep-23

**Inclusions:** Full Board (Breakfast, Lunch & Dinner)

Set high on the saddle of tree-clad ridge commanding panoramic views over the endlessly rolling reaches and volcanic reefs of the Serengeti, the Serengeti Serena Safari Lodge is the ultimate fusion of traditional African architecture and world-class style. Drawing its inspiration from the circular 'Rondavel' dwellings and winding paths of a traditional Maasai village, the Lodge features thickly thatched, stone-built rooms, spaciouly set amongst groves of indigenous trees that are cooled by sparkling streams and papyrus-fringed ponds. The circular bar, its roof supported by massive carved figures of warriors, maidens, and elders, looks out over the sky-blue, 'vanishing horizon' swimming pool towards the miles of lion-gold savannah that lie below. From lilac-streaked sunrise to diamond-domed night, the searingly sensational Serengeti delivers a series of timeless volcanic vistas that are second to none.
